

2011 Scholarship Awards

Donors have established scholarship funds within the Community Foundation of North Central Wisconsin for various reasons including honoring or memorializing a loved one, supporting a particular field of study, recognizing a specific academic institution, or a desire to benefit a particular student population. Through the generosity of many local donors, over \$150,000 has been awarded in educational assistance grants for the upcoming school year to more than 165 north central Wisconsin students.
