

Since the Community Foundation of North Central Wisconsin's inception in 1987, over \$2.5 million has been awarded in scholarships through funds administered within the Foundation, impacting the lives of over 2,400 individuals.

Funds are established within the Community Foundation for various reasons including honoring or memorializing a loved one, supporting a particular field of study, recognizing a specific academic institution, or to benefit a particular student population. Scholarships are awarded annually from over 110 funds utilizing donor directed criteria.

Through the generosity of our donors, \$225,000 has been awarded in educational assistance grants to more than 200 students from pre-school to post-graduate this spring. Scholarships will benefit the following students from north central Wisconsin and beyond as they enter the 2016-17 academic year:
